

You are invited to a Project Information Event for our amended plans for Denmead Solar Farm.

We have amended our plans for a Solar Farm on land at Denmead Farm, Edneys Lane, Denmead, Hampshire, PO7 6JL after reviewing the feedback we have received about our proposals from the Councils and during the public consultation process.

The Solar Farm will still provide renewable electricity for distribution to the National Grid. The amended scheme will generate a significant amount of energy each year of the proposed 40-year operational life, while also providing significant CO₂ savings compared to generation of electricity by non-renewable sources and deliver substantial biodiversity net gains.

UPDATED DESIGN

A large scale plan will be presented at the Public Information Event.

WE HAVE LISTENED

Having listened the opinions of local residents at the public consultation event in September 2021, reading the public consultation responses to the application and reviewing comments made by statutory consultees, we felt it was appropriate to amend our proposals further. As a result, we have made the following changes:

- Significant amendments to the proposed landscaping scheme across the Site, including the incorporation of additional hedgerows, scrub planting and woodland blocks. Reintroduction of historic hedgerows within the southern parcel.
- Removal of proposed solar panels and reduction in extent of the Proposed Development. Increasing the distance between the northern parcel of the Site and the Monarchs Way footpath/Broadway Lane. Removal of panels and all Proposed Development from the central and eastern extent of the central parcel.
- Removal of the Battery Storage Facility from the Proposed Development; and
- Increased offsets to all Public Rights of Way within and adjoining the Site together with the inclusion of a permissive path along the western boundary of the Site extending the Public Rights of Way network.

SEE THE REVISED APPLICATION

We would like to invite you to a Project Information Event where you will be able to discuss with the development team our amended proposals.

DATE AND TIME

**Thursday 27th
July 2023
2pm to 7pm**

VENUE

**Lovedean Village Hall,
160 Lovedean Lane,
Waterlooville, PO8 9SF**

The Council will be formally consulting on the amended proposals later in the Summer.
